THE LIVING SLED

Did you remember to lock the igloo...?

BWA HA HA! IT'S ALIVE!!!!

In the beginning there was wood. And some nails. These things, added together, became... a sled.

But it was just a sled. Good for sliding. Until one dark night, a scientist zapped it with volts from the **Monster Maker 3000**, bringing it to life!

Yep, it's **ALIVE!** And for some reason, it *loves* scaring penguins! Maybe it wants to **EAT** them, but we don't know how because it doesn't have a mouth.

Just one of the many unsolved mysteries of... **THE LIVING SLED!**

There have been three *Night of the Living Sled* movies made so far. You can watch all of them on Club Penguin's youtube channel:
youtube.com/user/clubpenguin

DID YOU KNOW?

At last year's Halloween Party the Living Sled was in the Secret Lab!

In Card-Jitsu there is a Living Sled power card.

Night of the Living Sled is making a comeback at The Stage, which is where you can buy this awesome costume!
